

Cap & Gown Club

Princeton Prospect Foundation Report

Thursday February 27th
Maurice Roach, Cap & Gown VP

Community Outreach

- Community Outreach Officers: Katherine Bauman & Janie Lee
 - Keep a pulse on the University's outreach programs and ensure that Cap members are informed about upcoming community service opportunities
 - Katherine & Janie are newly elected and had some wonderful ideas in their proposals
- Notable past events and plans for the future:
 - Cap Blood Drive
 - Holiday Food Collection
 - Holiday gift collection
- Recent Events
 - Community Service Auction
 - An auction was held in which anything from sailing lessons to massages were offered and bid on. Proceeds were given to the Schistosomiasis Control Initiative (SCI) and Sandy Hook Victims Relief

Cultural Enrichment

- “Culturally Cap” Officers: Gabriella Ravida, Cameron Maple & Maiky Iberkleid
 - These officers strive to ensure that Cap functions as a place of academic, spiritual, and personal growth as well as a place of social growth
 - Cap strives to ensure that people of all races and backgrounds feel accepted and welcome
 - Adding an extra dimension of cultural education to club nights
- Organized movie nights and study breaks
- Intra-club holiday gift exchange
- Dinner with Shirley Tilghman with 10 seniors and 5 juniors
- Dinner with Ed Felten
- Dinner with the college deans

Environment, Technology, and Renovations

- Tech Chair: Hannah Park
 - Continue to look for ways to improve our website
 - Potential plans to digitize history books commemorating Cap’s history and add this history to the Cap website
 - Bicker and Discussions Management Program
 - This program eliminated much of the paper waste associated with the bicker process
 - Sharing this program with clubs like Cannon have helped us lead the way in the eating clubs’ efforts to “go green”
- Plans to reduce plastic cup consumption
 - Officers have begun using reusable cups at meals in an effort to exemplify and spread the message of sustainability
- Future efforts will focus on making sure our food is ordered from sustainable and environmentally friendly sources
- Geothermal Energy program
- Summer construction converted the second-floor women’s bathroom into a unisex bathroom
- Restoration of the out-of-commission fireplaces
- Funds are being raised to adjust and improve the set-up of our new sound system
- Much of this work is focusing on progressively renovating Cap in order to make it a more efficient and eco-friendly building while maintaining the traditional Cap look
