

40 Prospect Ave, Princeton, NJ 08540

Rishi Mago

Vice President

Princeton Prospect Foundation Meeting

23 February 2022

### Membership

- We have over 230 members including our new sophomore class.
- From amongst our new sophomore class, we plan to recruit four sophomore officers to join our officer corp.
- These officers' duties will center around integrating sophomores into our community, through, for example, the continuation of initiatives such as Big-Little pods, as well as increasing overall member engagement and satisfaction through exciting events.
- We are continually seeking member feedback and suggestions, which have already been reflected in dining options and planned events
- We continue to aim to hold regular events several times a week to provide an impetus for members to interact and meet each other.
- We also use platforms such as Discord and social media to maintain a strong online community through online gaming, rounds of Mafia, and virtual hang-outs.

### Education, Community and Growth

- We have continued to maintain the position of Diversity, Equity and Inclusion Chair to lead community service initiatives, foster openness and trust among members, and plan regular events that promote diversity and inclusion in our community.
- Our returning DEI chair has a number of exciting plans to develop new initiatives and revive old ones to help enrich our community.
- This includes reviving our annual tradition of hosting a Colonial Talent Show wherein proceeds will be donated to a charity of our choice.
- Colonial Club is also working to form study groups for classes that are commonly taken by our members to help members encourage each other's success and grow together.
